S. W. OIL CASE WON BY STATE

SUPREME COURT UPHOLDS WHAT IS KNOWN AS THE KENNEDY TAX LAW.

Special to the Eagle.

Washington, April 5.—The supreme court of the United States yesterday decided the case of the Southwestern Oil Company vs. the State of Texas in favor of the State, thus upholding the constitutionality of the Texas state law, known as the Kennedy tax law, which fixed a tax of 2 per cent on the gross receipts from the sale of oil, naphtha, etc.

The court held the classification of wholesale dealers as distinct from retail dealers for the purposes of taxation was a proper exercise of state power.

MONEY FOR TEXAS

SECRETARY OF STATE'S RECEIPTS STEADILY ON INCREASE.

Special to the Eagle.

Austin, Texas, April 5.—As an indication of the commercial development of the state, the receipts of the state department show that the receipts for the month of March totaled \$80,455.25, which is nearly double the receipts for the same month in 1909 when the receipts aggregated \$31,495.48. The receipts for this department have been gradually increasing, as only five years ago the average receipts for one month were scarcely over \$10,000.

Of the March, 1910, receipts the sum of \$37,544.60 was from franchise tax payments and \$22,520 from charter fees, the remainder for commissions, etc. During the past month there were filed in the department 188 charters, notwithstanding the fact that the new law requires that 50 per cent of the capital stock be paid in and the remainder paid up in two years, while under the old law it only required that 50 per cent can be subscribed and only 10 per cent paid in.

A BUSINESS CHANGE

S. W. BUCHANAN SELLS HIS MARKET AND RESTAURANT TO E. H. SUBER.

A deal has been closed up whereby Mr. S. W. Buchanan has sold his market and restaurant to Mr. E. H. Suber of College Station. The details of the trade were closed last night and the proprietor took charge this morning.

Mr. Suber has had years of experience in raising, handling and butchering cattle and hogs. The business is not new to him at all and his past experience can be used to good advantage in the business in which he is engaging. He has never lived in Bryan, but is well known to the people of the city, and does not feel that he is a stranger coming into their midst. Mr. Suber is well equipped for the market business. He owns quite a number of good cattle and hogs and has some of the finest pastures in the county. He wishes to impress upon the people that none but the best and fattest animals will be slaughtered. No pains nor expense will be spared to keep both market and restaurant up to the high standard they have always maintained, and in asking the patronage of the public, he guarantees the very best service and every courtesy that it is possible to show his patrons.

Mr. Buchanan who also owned the Koneing market on north Main street, has turned it over to Mr. J. A. Foreman, and he retires completely from the market business. He has not yet fully determined what his future course will be. For the remainder of this month he will work for Mr. Suber.

A Statement.

With reference to the above, I wish to return my heartfelt thanks to the people of Bryan for the very liberal

OAKWOODS STATE BANK DYNAMITED

ROBBERS LOOT BANK IN NEIGHBORING COUNTY AND SECURE \$5,000.

Special to the Eagle.

Palestine, Texas, April 5.—Between 1 and 2 o'clock yesterday morning the vault of the Oakwoods State Bank of Oakwood was blown open with dynamite and \$5,000 secured.

No trace has been found of the robbers, but the officers have been notified to look out for them.

The vault was completely demolished and the robbers were forced to make five distinct explosions to get into the money vault.

Officers are scouring the country for a trace of the robbers, but up to now nothing has been found.

THE RAIN.

The rain of yesterday was general all over the county and put a fine season in the ground. The Eagle had reports today from Kurten, Tabor, Harvey, College, Millican and all parts of the Brazos bottom. At every point heard from there was a fine rain. The reporter talked with a number of farmers today and all agreed that the crop conditions were much more favorable this year than at this season last year. Corn is up, a better stand,

there is more cotton up and more planted, and best of all there is much more moisture in the round. The outlook for good crops now is exceedingly bright.
